### SUMMER PROMOTIONAL PRICING:

1. If you would like to participate in the summer promotion we are now accepting order forms for the months of July and August. Please note your 'requested delivery date' must be for the months of either July or August to get these promotional rates.
2. Summer Orders will be fulfilled in the chronological order of when we receive the order forms. There may be a chance that seed is ready earlier than July in which case we will honor the summer promotional pricing.

- Final payment is due upon delivery of the seed.
- Minimum order size: \$1000 (per size, per species)

### FINDING THE RIGHT SIZE SEED

Seaventure Clam Co. seed size is based on the highest mesh screen size on which the seed will sit. **For example, 1.0 seed will sit on (be retained on) a 1.0 mm screen without falling through.**

\*\*To avoid losing some seed through the mesh in your bags, when placing seed in containers always use a mesh size at least one size smaller than the mesh the seed was Retained On.
